...Capitalism, demonstrably the greatest of the constructed economic systems, has in the past decade clearly proved its advantages over the alternative systems. The information highway will magnify those advantages. It will allow those who produce goods to see, a lot more efficiently than ever before, what buyers want, and will allow potential consumers to buy those goods more efficiently. Adam Smith would be pleased. More important, consumers everywhere will enjoy the benefits.

— Bill Gates, 1995
